

People Everywhere are Cutting Away From Traditions.

"RING OUT THE OLD."

What Modern Discovery and Science are Doing for the People of This Land.

"Is it not time to make a change?" The speaker was connected with the Board of Health of one of the leading American cities.

"Every person," he continued, "who has died of consumption within the past twenty years has left a large legacy of empty cod liver oil bottles. The more advanced of the medical profession do not believe that one single life has been saved or prolonged by the use of cod liver oil. The profession has been sadly disappointed in the result."

"That is doubtless very true," said one of the gentlemen with whom he was conversing, "but what can be used in place of it?"

The doctor spoke very positively as he said:

"For some time the more advanced of the medical profession have been seeking for something upon which to build hope for the rescue of the vast multitude of dying people. It has for some time been conceded that relief would only come in the way of a food that would stop the wasting in this dread disease. In all cases of consumption there is always present obstinate indigestion. In not this indigestion the cause of the wasting? Consumptives never die when increasing in weight, in other words, when the wasting is stopped."

The listeners exchanged looks of astonishment, but it was plain that they believed what the eminent professor was saying.

"I believe that the discovery of a pre-digested food, in other words, a food that has been artificially digested before it is eaten, has solved the problem. I have seen very many of the effects which it has produced, even with people who were so run down and emaciated as to be almost on the verge of death, and I positively know that in all the cases I have observed, there has been a surprising and quick recovery. In several instances a gain of over twenty pounds has been brought about wholly by the use of this pre-digested food, which is now known to doctors, scientists, and the world as Paskola."

"I have examined this food very carefully, and I find that it is composed of artificially digested starch in the form of maltose, sucrose, etc., and such as maltose sucrose and grape sugar, which, as you know, are the only substances that form fat and flesh, combined with digestive principles. It is because of its purity and chemical value that it produces the results it does, and I, for one, am not surprised that it is superseding the use of nauseous cod liver oil, and fatty substances, which are supposed to produce flesh, but which certainly do not do so."

Paskola can be had of any reputable druggist. An interesting pamphlet descriptive of the product will be sent free on application to The Predigested Food Co., 30 Reade St., New York.

Coming Events. Sept. 28.—Musical in M. E. church, under the auspices of the church choir. Oct. 15th.—Annual supper of the English Baptist church in Robbins' opera house.

A. M. Bailey, a well known citizen of Eugene, Oregon, says his wife has for years been troubled with chronic diarrhoea and used many remedies with little relief until she tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which has cured her sound and well. Give this trial and you will be surprised at the prompt relief it affords. 25 and 50 cent bottles for sale by Grubler Bros.

Now or Never. People who have not secured copies of the exquisite photographs of the World's Fair embraced in "The Magic City," and superb photographs of famous men and women and scenes in every land as incorporated in "Voyage Around the World," should apply for them at the HERALD office without delay, as only a few copies are left and the supply will not be renewed. No household should be without a complete set of these marvelous productions.

While in Chicago, Mr. Charles L. Kahler, a prominent shoe merchant of Des Moines, Iowa, had quite a serious time of it. He took such a severe cold that he could hardly talk or navigate, but the prompt use of Chamberlain's Cough Remedy cured him of his cold so quickly that others at the hotel who had had colds followed his example and half a dozen persons ordered it from the nearest drug store. They were profuse in their thanks to Mr. Kahler for telling them how to cure a bad cold so quickly. For sale by Grubler Bros.

MORE FOREST FIRES

Minnesota Again Visited, and Many Farm Houses Destroyed.

ST. PAUL, Sept. 28.—More serious forest fires are reported from Crow Wing county, and several fatalities are feared. A dispatch from Brainerd says a large part of that county has been laid waste by the fires, which were raging with terrible fury yesterday afternoon, and probably a dozen farmers in the eastern and southern parts of Crow Wing county have lost nearly all their buildings and in some cases everything contained in them. One Vincent and his family had a very narrow escape, and his farm house was destroyed. The only thing John Swanson saved was his team.

County Treasurer John T. Frazer suffered greatly, all his farm buildings, crops and household furniture being destroyed. Albert La Fond lost considerable grain with his farm buildings. The farms of Joseph Meyers, H. E. Deaton and George Sangrin have also been reported as having been devastated. No authentic estimate of losses is obtainable, but many have lost their entire crops and all their buildings. The flames spread with the greatest rapidity. Many families known to be in the fire belt have not been heard from, and great fears are felt for their safety. The fires are still burning, but the wind has subsided.

Australia's New Ministry.

MELBOURNE, Sept. 28.—Mr. George Turner, leader of the opposition, has succeeded in forming a new ministry as follows: Premier and treasurer, George Turner; attorney general, J. A. Isaacs; minister of defense and health, Sir F. F. Sargood; chief secretary and minister of education, A. J. Peabody; postmaster general, J. C. Duffy; minister of customs and lands, R. W. Best; solicitor general, H. Cuthbert; minister of railways, H. R. Williams; minister of public works, J. W. Taverner; minister of mines and supply, H. Foster; ministers without portfolios, R. T. Vale, A. M. Clean, W. O. McCulloch and J. M. Pratt.

Missionaries Needed in Alaska.

SAN FRANCISCO, Sept. 28.—The whaling schooner Neolin, Captain Tilton, has reached port from Fox Island, Alaska, after a passage of twenty-six days. She brought nearly 15,000 pounds of whalebone, bear and other skins and 800 pounds of ivory. Captain Tilton says the government should do some good for the Alaska people, as they are quite intelligent, and very anxious to live like civilized people. The missionaries should be looked after, and good men, and especially women, should go to Alaska.

Allix Failed to Lower Her Record.

COLUMBUS, O., Sept. 28.—About 10,000 persons witnessed the races at the Columbus Driving park yesterday. The weather was warm and clear, but not warm enough to bring out the mettle of the horses. The track was fast, but too hard. Allix went to beat her record of 2:09 1/2, but the start was a little slow and she landed under the wire in 2:04 1/2. Flying Jib was sent against his record of 2:04 and landed under the wire in 2:06 1/2. Directly was also sent against his record of 2:07 1/2 and finished in 2:09 1/2.

Storm Damage to Crops.

CHARLESTON, S. C., Sept. 28.—Specials to The News and Courier from various points in the middle and coast region regarding the West India cyclone report considerable damage to corn and cotton and very serious damage to rice, but no loss of life. At Georgetown the damage to the rice crop is estimated at 30 per cent. A large portion of the April planting floated off with the tide, and the June rice is no doubt badly injured.

The Long Congressional Deadlock.

WILLIAMSPORT, Pa., Sept. 28.—The Republican conference of the sixteenth congressional district adjourned yesterday afternoon until today, after having taken 150 ballots, without result. There is talk of nominating an outside man, if the deadlock is not broken soon. A conference from Lycoming county says that Hopkins, Lewis and Packer will be candidates on nomination papers, regardless of the action of the conference.

Decided Against the Democrats.

TRENTON, Sept. 28.—The certiorari proceedings brought by Democrats attacking the constitutionality of the act of the last legislature, under which a commission revised the ward lines of Newark, have been dismissed by an opinion filed by Justice Dixon, of the supreme court, which says that "the proceedings brought up for review are legal and should be affirmed." This does not decide the Jersey City case.

The Charges Against Mayor Bemis.

OMAHA, Neb., Sept. 28.—Evidence in the impeachment trial of Mayor Bemis on the specifications filed by Councilmen Haskell and Wheeler is all in. The mayor was again recalled, and testified that he acted in good faith when he took steps to keep the members of the Commonwealth army from starving, feeling that an emergency existed and that immediate action was necessary.

Indignant German Catholics.

LONDON, Sept. 28.—The correspondent at Berlin of the Daily News says that the Catholic press and population are indignant because of the emperor's order that the schools shall celebrate the tri-centennial of Gustavus Adolphus, the hero of the thirty years' war. It is declared by the opponents of the order that the celebration is an insult to the Catholics of Germany.

Ridding Italy of Anarchists.

ROME, Sept. 28.—The laws against anarchists are being actively enforced in this city and other parts of Italy. Large numbers of persons charged with being anarchists are being condemned weekly to a compulsory residence on the island of Ischia, in the Mediterranean, until a penal settlement can be made ready in the Italian-African colonies.

Massillon Miners Want Arbitration.

MASSILLON, O., Sept. 28.—The coal miners of this district held an all day meeting to discuss the proposition to submit their grievances to arbitration. It is said a majority of the delegates are in favor of arbitration, and it is declared that a committee, of which President McBride will be a member, will be appointed to meet the operators.

The Victims of the Iowa Cyclone.

MASON CITY, Ia., Sept. 28.—The correct list of those who perished in the terrible cyclone of last Friday night, residing in this state, has been secured. In Kosciusko county there were 18, in Hancock county, 22; Cerro Gordo, 4; Worth, 3; Mitchell, 6; making a total of 53. All of the injured in this county will recover.

Boilers Stole a March.

OMAHA, Sept. 28.—Managers of the Trump Democratic convention which nominated a full state ticket in opposition to the ticket named by the Democratic convention chartered a special train yesterday, went to Lincoln and filed with the secretary of state certificates of nomination of their ticket as the candidates of the Democratic party of Nebraska. There can only be one "Democratic" ticket voted for, and the regular ticket will have to be filed "by petition" unless the action of the day is overruled by the courts.

Professor Shortridge Acquitted.

MEDIA, Pa., Sept. 28.—The jury in the Shortridge murder trial, after deliberating an hour and a half, last evening returned a verdict of "not guilty." The members of the jury announced that they based their verdict upon the ground that the defendant was insane at the time of the commission of the crime. Professor Shortridge goes back to the insane asylum at Norristown. The verdict is a very popular one here, and there are strong hopes that the unfortunate man may ultimately recover his reason.

New Jersey Firemen's Association.

ATLANTIC CITY, Sept. 28.—The New Jersey State Firemen's Association elected the following officers: President, Bird W. Spencer, of Passaic; vice presidents, Benjamin Boudin, George W. Eilert, S. W. Kirkland, Aaron P. Knicker, John Stang, Hugh Kennard, John F. Fulliger and A. Kersmeyer; treasurer, John McKiernan; of Paterson; secretary, Horace H. Brown, of Newark; financial secretary, George T. Everett, of Hackettstown. The convention adjourned to meet at Bloomfield in 1895.

Chicago Gamblers Indicted.

CHICAGO, Sept. 28.—As a result of the grand jury investigation of Chicago gambling two owners of property on which gambling was carried on and keepers of gambling houses were indicted yesterday. It is expected that a large number of other indictments will follow and a thorough investigation of the charges of police corruption will be made.

The Poles in Germany.

BERLIN, Sept. 28.—Although Chancellor von Caprivi will doubtless take into consideration proposals for repressive measures of an effective and practicable nature, it is almost certain that the government will not have recourse to the laws of exception against the Poles.

SENATOR HILL WAITING

For the Official Notification Before Declaring His Intentions.

ALBANY, Sept. 28.—The notification before declaring the acceptance of nomination of candidates to succeed to the United States senate expires this evening. A peculiar situation exists in the case of Hill, by a resolution of the convention the chairman was directed to appoint a committee of five members to notify members of their selection. Senator Hill being jointly the presiding officer and the selected nominee for governor, could not very well appoint a committee to notify himself. Clerk De Freest, of the state committee, and the secretary in chief of the convention, will appoint the committee.

Of course none of the candidates will show discourtesy to the apprehended committee by giving their answer to the people before the committee visits them. Senator Hill is residing quietly at his home here. He was in his law office yesterday, but saw only a small percentage of the people who called.

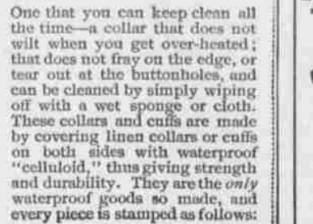

To the Associated Press reporter the senator said: "I have arrived at no decision yet as to this nomination forced upon me. In fact I have not been officially notified, and until I am I cannot say anything in the premises. I have hardly had time to think over the sensational events of yesterday."

The Storm Somewhat Diminished.

ATLANTIC CITY, Sept. 28.—The storm is somewhat diminished today, although heavy gales still prevail. The surf is very rough. A big piece of wreckage, believed to be the keel of a steamer, was washed ashore last evening, and the government life saving crews are keeping a sharp lookout for vessels in distress. The meadows between this city and the main land are submerged, but it is believed that railroad traffic will not be interfered with.

A Clean Collar

One that you can keep clean all the time—a collar that does not wilt when you get over-heated; that does not fray on the edge, or tear out at the buttonholes, and can be cleaned by simply wiping off with a wet sponge or cloth. These collars and cuffs are made by covering linen collars or cuffs on both sides with waterproof "celluloid," thus giving strength and durability. They are the only waterproof goods so made, and every piece is stamped as follows:

THE CELLULOID CO., 427-29 Broadway, New York.

Ask for this, and refuse to take any imitation if you expect satisfaction. If your dealer does not keep them, send direct to us, enclosing amount, and we will mail you sample. Collars 25 cts. each. Cuffs 50 cts. pair. State size, and whether stand-up or turned-down collar is wanted.
